6. **MOTIONS**

6.1. [By Andy Descoteaux]:

Ask the Superintendent's staff collaborate with our teaching staff to come up with a strategic plan dealing with remote learning that will include actual learning and beyond enrichment. This should be a plan that is revisited every year to update what is potentially available for our teachers and their students.

6.2. [By Andy Descoteaux]:

Ask the Superintendent to ask DESE if what we can develop as a plan for remote learning could be used to cover snow days; thereby eliminating the need to make up snow days at the end of the year.

6.3. [By Andy Descoteaux]:

Ask the Superintendent to form a committee tasked to raise funds for the purpose of obtaining enough

technology for EVERY child in the LPS.

Budget Narrative

General Budget Overview

Despite fiscal challenges, the district will successfully meet its obligations through collaborative problem solving. The district is committed to its mission of continuous improvement in student achievement and success by maximizing and realigning its limited resources. The Lowell Public School's general fund budget (local budget) provides baseline funding for Pre-K through grade 12 educational programming. The process is focused on identifying ways to deliver high quality teaching and learning for our students and staff to ensure outstanding results within the constraints of the available budget that is expected. More specifically, this process reviews the current spending plans and data to make the changes necessary to realign resources to identified academic and support areas to ultimately increase student achievement. The budgeting process includes a thorough analysis and understanding of the current plan and priorities and articulates specifically where the district needs to go. Thus, this information provides a roadmap for the district to get there both programmatically and fiscally.

Budgeting Process

The Lowell Public School's fiscal year begins on July 1st of each year and ends on June 30. The budgeting process begins in October when student data is submitted to the state for the purpose of calculating the foundation budget (minimum spending) which differentiates between districts based on student grade levels, programs and socio-economic status. This "fair and adequate" foundation amount is determined using this October 1st student count data multiplied by an assigned rate for each student based on defined criteria/components. (See column headings below.) The Foundation Budget download is attached at the end of the Narrative.

Once the total "foundation budget" is calculated, the state determines the amount that the local City can afford using property taxes and income to calculate its "ability to pay." The Chapter 70 state aid is then identified by taking the Foundation Budget total less the required city contribution.

FOUNDATION BUDGET - CITY CONTRIBUTION = CHAPTER 70 ASSISTANCE

Per the Foundation Budget shown above (final column), the state calculated minimum spending for Lowell Public Schools is \$227,619,489 for the FY20/21 school year. This equates to approximately \$13,920 per student for the 16,352 reported on October 1st. Please note that the 16,352 count includes the charter school students.

The historical budget process is summarized below:

- Use the October 1st enrollment count to project total revenue
- Prepare projected expenses based on known contractual increases for salaries and other contracts
- Using these projections, prepare a preliminary draft budget
- Present this preliminary data to the School Committee in January
- In late January, download the released budget recommendations from the Governor
- Update the preliminary budget with these figures and begin the process of prioritizing and redesigning based on whether cuts or additions need to be made
- Meet with principals and other groups to learn about their priorities
- In April, update the budget with the released Massachusetts House of Representatives budget recommendations
- City Manager determines the general fund allocation for the Lowell Public Schools that will be recommended to the City Council
- Finalize the Lowell Public School's budget using these figures
- Hold public hearings
- City Manager submits this to the City Council for approval in May
- Senate releases state budget recommendation in May
- House and Senate reconcile differences and forwards final state budget to Governor for approval
- School Committee adopts the budget – May
- City Council votes on the overall City budget in June
- Any necessary changes will be made over the summer after the final state budget is released

All in all, the budgeting process for underfunded urban districts included determining how to live within our means while still giving each student the education they need to succeed in this global society.

Fair Student Funding was introduced for the FY20-21 budgeting process. This process included identifying student weights to ensure dollars followed the students. The weights for Year 1 of FSF that were chosen include the following weights:

Base Weight	\$ 4,500
Economically Disadvantaged	\$ 1,575
Low Performance	\$ 900
Grades PreK-3	\$ 1,575
Grade 9 Transition	\$ 3,750
ELL Below 3	\$ 2,750
ELL Level 3 or Above	\$ 1,400
SWD Sub Separate	\$22,500
SWD Inclusion	\$ 6,250

Enrollment in each of these weighted areas was specified and multiplied by the weight for each to determine how much funding each school received for each student group. This was summarized on a Funding Source Page for each school and is included in this budget document to ensure transparency of how each school's allocation was determined. The sum of the weighted funding was compared against the cost of the school's current year (FY19/20) allocation to ensure that the school would receive at least the amount it needed to maintain current operations. After all, the Fair Student Funding method is committed to both equity using weights AND stability for all schools. For those schools who did not receive as much from weights as they currently have, a "transition" policy was implemented to hold the school harmless. The difference between the weighted sum and the current year allocation was added to the school as a transition policy/hold harmless amount. In addition to this transition policy, a baseline policy was also added which ensures that a school gets enough funding to function despite low enrollment. This baseline policy is an insurance that schools will get enough to fund all of the "must haves" necessary to run a school. Some examples of baseline rules include 1) a school must have a Principal, 2) a school must have 1 teacher for every 25 elementary students and 3) a school must have a teacher for every 30 middle school students.

The Fair Student Funding process includes the formula driven process above that determines how much each school will receive through the transparent weighted formula approach. After each of the schools' allocations were developed, the schools met with their School Site Councils to determine their priorities and build their budgets. Each of the schools had the autonomy to develop their own budget using their own creative approaches. As an internal control, the schools were given guardrails (see below) to use during this process to ensure that they had the "must haves" included in their budgets. These budgets were presented by the Principals to a Central Office team that included the Chief Financial Officer, Chief of Schools, Chief Academic Officer and the Special Education Director. Presentation to such a group was another internal control to make sure that all things were considered with any changes to the FY19/20 model.

Example of Guardrails given to schools:

Every school must have a Principal

Every school must have a school clerk

Physical Educator in every building as required by DESE

Must have a mainstream teacher for every 25 students in elementary

Must have a mainstream teacher for every 30 students in secondary school

EL servicing requirements are met

Must follow IDEA requirements (special education)

Special education sub-separate programming staffing requirements for teachers and paraprofessionals are met

Collective Bargaining Contractual & School Committee Policy requirements

Legal requirements, certifications, etc.

Title I Grant/Grants commitments are met

Revenue Overview

Of the \$227,619,489 foundation budget (required minimum), \$175,807,304 will be provided through Chapter 70 state aid. This is \$12,783,357 higher than the aid received in FY19/20. The “required district contribution” for the City of Lowell also increased by \$2,087,868 to \$51,812,185. Of this \$2,087,868, the City will give us \$647,824 in increased direct aid (cash) from the City (cash). Thus, the direct aid (cash) from the City will increase from the \$16,359,201 in FY19/20 to \$17,007,025. The remaining City contribution of \$34,805,160 will be through charge offs to City expenses per the Maintenance of Effort agreement. Some of the expenses historically charged to the schools as part of the City’s required minimum contribution include the following:

- Approximately 44% of the City Treasurer’s Office
- Approximately 44% of the City Auditor’s Office
- Approximately 44% of the Purchasing Department
- Approximately 57% of the Administration of Insurance expense
- Medicare Tax
- Pensions, Insurance premiums for retired employees, workers compensation, unemployment, etc.
- Health Personnel (nurses) – Medicaid Reimbursement reimburses some of these costs
- School Resource Officers
- Building Maintenance
- Snow/Ice removal
- Trash removal
- Utilities
- Non-Employee insurance
- Interest paid for City bonds
- Public Safety inspections
- Parking fees
- Principal on LT Debt
- Interest on projects
- MSBA payments
- School choice
- Charter Schools (\$21.9 million)
- Greater Lowell Technical High School (\$8.5 million)
- Essex Agricultural High School (\$40,962)

If these services were not provided through the City, we would have to obtain such services privately. These DESE driven figures are depicted in the following data chart retrieved from the DESE website at <http://www.doe.mass.edu/finance/chapter70/fy2020/prelim.html>. They are also summarized on the FY20/21 Budget Summary following this chart along with the FY19/20 data to show the change between fiscal years.

Other revenue sources that assist our district with providing each child with an adequate education despite their circumstances include grants. The majority of the Lowell Public Schools' grants include entitlement contracts such as the Title grants (I, IIa, III and IV) and Special Education 240 grants. One major rule with such grants is that we cannot "supplant" or cover costs that we would have had to provide anyway. For instance, we cannot cover a Principal or positions such as a classroom teacher. However, we can implement programs and cover teachers that are providing additional supports like interventions or enrichment. Our Title grants have been covering coaching/curriculum support for each school through Instructional Specialists, Literacy Specialists and Tutors these past few years. In FY19/20, we rewrote the grants to cover non-MTRS staff or programs to avoid paying the 9% fee that is charged to grants when paying for MTRS eligible staff. The MTRS portion of the grants was costing us over \$600,000. Even with conservative savings, we increased access to \$300,000 or more on direct student spending through grants by strategically writing the applications avoiding such fees. Other costs that the grants can

and do cover include our assessment tools such as Iready, social emotional programs and supplies. The difficulty with budgeting using grant revenue is that the allocations are not released until after the budget is approved.

Expense Overview

The largest part of our budget is salaries. Eighty-five percent of our total general fund budget is for salaries and fringe costs such as health, dental and retirement/sick leave buy out. The remaining fifteen percent covers transportation, supplies, professional development and consulting services.

Notes:

*During recent years, the photocopier cycle of mixing new purchases with maintenance agreement options on old machines was reduced significantly due to funding issues. This was cut even further to close the funding gap identified during FY18/19. This has been conservatively reinstated since copy services are necessary for daily operations.

*Fair Student Funding was implemented during the FY20/21 budget cycle. We left \$10k for follow up assistance and to initiate FY21/22 budget.

School Committee Suspense									

*Due to bringing many students in district, our CB reimbursement may be significantly reduced. Budgeted the offset at \$3 million rather than \$4 million.

*The Circuit Breaker/OOD does not include any buffers that would normally be included for DCF placements and students that move into the district.

Updates will be provided monthly to avoid making additional cuts now based on possibilities despite how probable.

Billie Jo Turner
Chief Financial Officer
Lowell Public Schools

Dear Billie Jo:

The Lowell Public Schools will be submitting applications for federal, state and private grants for the 20-21SY. It is anticipated that the level of funding for the 20-21SY will be less than that of the 19-20SY. The primary area for decrease is a result of multi-year projects coming to an end. The Preschool Enrichment and Full-Service Community Schools grants conclude at the end of the 19-20SY.

School Year	Approved Grants	Approved Amount
2019 - 2020	45	\$ 18,221,908
2018 - 2019	46	\$ 19,049,500

Also included for reference please find a list of the approved grants for the 2019 - 2020 School Year with more detailed information (e.g. grant fund code, title, amount, funding by major expense category, brief description, positions funded).

Please let me know if you have questions or need additional information.

Thank you.

Jaclyn Kelleher-Roy

1. Introduction to Fair Student Funding (FSF)

2. Budget Summary of All Schools

Summary of ALL schools requested staff and supplies for FY 21 vs FY20. (Shows the sum of all schools for each position).

3. Individual School Breakdown

A. Funding Formula Worksheet:

This sheet shows exactly how each school's allocation was determined.

B. School Budget:

The Budget document submitted by each school with requested staff and supplies. This shows current year data and next year data.

Why is Lowell Public Schools moving to Fair Student Funding (FSF)?

Lowell Public Schools is the second most diverse school system in the Commonwealth with 69 different languages spoken among students and families. That diversity spans seven distinct neighborhoods which house 28 unique school communities in which the social, emotional and academic growth of more than 15,000 individual students is fostered.

In this richly diverse context which also contains persistently high degrees of variability in performance across schools, the people who are closest to students and know each child by name, strength and need – parents, teachers, principals and support staff – cannot be required to adopt a uniform approach to education. Instead, schools require different levels of autonomy around both curricular and financial decisions and different types of support and guidance in order to translate the district’s finite resources into well-tailored school-based plans that will ensure that each child thrives each day.

Lowell Public Schools is moving to Fair Student Funding to:

- Increase transparency about why schools receive the funding they do
- Move towards equity by tying funding to the students and providing additional funding for students with higher needs
- Gradually increase flexibility, empowering local schools communities to make decisions about the way they use their funds and meet the needs of their students

How does FSF work?

FSF funds schools in four ways: with a base amount for every student, through weights based on student needs and district goals, through “baseline” minimums, and with transition policies.

- **Base amount:** Funding begins with a base amount for every student projected to attend the school in the 2020-21 school year.
- **Student weights:** Student weights are given for every projected student with additional needs (for example, students with disabilities), and for every projected student in groups LPS is focusing on districtwide (for example, students in grades PreK-3, to improve early education).
- **Baseline policies:** Because FSF funding is allocated based on the projected number of students, very small schools sometimes do not get enough funding from weights to provide the basics of an LPS education. Baseline policies ensure that every school, including very small schools, gets at least enough to provide the basics for each student by adding funds at those schools whose funding from student weights is less than the baseline amount required.
 - **ELL baseline policy:** Similarly, schools with very small numbers of English learners projected to enroll might not have enough from weights to pay for the ESL-certified teachers they need. A separate ELL baseline policy adds funds at schools with less than the minimum needed to serve their English learners.
 - **Special education baseline policy:** In the same way, schools with few students with disabilities projected to enroll might not have enough from weights to staff their special education classrooms and resource rooms. A separate special

education baseline policy adds funds at schools with less than the minimum needed to serve their students with disabilities.

- **Transition policies:** Changing funding systems can sometimes decrease funding dramatically and require schools to make big changes for the coming year. Transition policies soften those changes by adding funds at schools that would otherwise lose more than a cutoff amount. For school year 20-21 in LPS, the transition policy ensures that no school will lose money relative to this year. Because the additional funds to support schools that would lose money cannot come from nowhere, a gain limit also caps how much schools' funding can *increase* next year and uses that money to pay for some of the transition cost.
- **Other resources:** Some resources are allocated outside of FSF. This includes Title 1, centralized services (e.g. transportation, food services) and some resources where the infrastructure is being developed to support budgeting at the school level (e.g. substitute teachers).

What needs and goals do LPS's FSF weights and policies address?

Weight	Dollars per Pupil	Reasoning
Base Weight	\$4,500	Provide funding for schools to educate all students
Economically Disadvantaged	\$1,575	Provide additional resources to help student from low-income families succeed
Low Incoming Performance	\$900	Provides resources for student who need additional support to master content
ELL Level 1-3	\$2,750	With resources for English Learners in the FSF formula, we must ensure that schools have the resources we are legally required to provide
ELL Level 3-5+	\$1,400	
Special Education Substantially Separate	\$22,500	With resources for SWDs in the FSF formula, we must ensure that schools have the resources we are legally required to provide
Special Education General/Language	\$6,250	
Grades PK-3	\$1,575	Our strategic plan highlights priorities around early learning and college and career alignment.
9th Grade	\$3,750	

Baseline Policies:

- ELL and Special Education baselines determined based on the minimum staffing required to meet compliance guidelines.
- General Education Baselines were determined based on staffing ratios in current schools.

Transition Policy:

- Gain Limit: Per pupil funding limit of 3% increase
- Loss Limit: Losses limited to 0% on both total budget and per pupil basis

What positions am I responsible for purchasing through FSF?

Schools must budget for positions in the school-based pool in order to receive them. This pool includes most teachers, administrators, and support staff. See the list of school-based positions beginning on page 4.

Schools will receive positions from the district pool without budgeting for them. Schools who want additional positions from this category should budget for the extra. This includes staff who are shared across schools or otherwise not predictably assignable, like 1:1 para-professionals, speech therapists, and social workers. See the list of district positions beginning on page 6.

School Based Pool

Schools must budget for these positions in their budgets to have the positions next year. These will not be provided centrally.

Exception Reason:

Despite increases to EL and SPED staff for baselines, this school doesn't have enough to add such positions. Their weights were much lower than current year allocation so despite the increase to baseline requirements, they still only had enough for current year staffing. In order to hold harmless and allow them to add the staff funded through baseline rules, we are increasing their budget by \$55,523.

Summary

The Pyne Arts' funding decreased due to weights but was supplemented by transition policy.

Re: **1 + 4 Year Strategic Plan Presentation to the School Committee May 6, 2020**

Attached you will find a presentation following up on what was conveyed to and accepted by the Policy Subcommittee on April 30, 2020. This is the third iteration of this report and we have attempted to narrow its scope because this is the third time the committee has been presented with much of this information. By narrowing its focus, it is our hope to provide time for discussion about the linkage of this presentation and the substance of the strategic plan with the operational elements envisioned by the FY 21 budget presentation.

Based on the feedback from committee members prior to the subcommittee's vote to accept the report on April 30th, we have added sample slides of the "scorecards" that will be incorporated into the Strategic Plan in order to gauge progress and challenges as the work unfolds over the course of the coming year(s).

The report includes introductory slides detailing the components of the strategic plan and our four-part responsiveness and readiness strategy for responding to the COVID-19 public health crisis, which we reported on during the April 30th meeting. As communicated at that meeting, all of the related work streams and objectives of the plan – along with all other elements of our work for the foreseeable future – will be viewed through that tactical lens of physical safety, mental health wellness, fiscal prudence, and organizational flexibility.

Following the introductory slides is the Actionables and Measurables section of the plan as was presented to the committee on April 30th, which was in turn developed based on the feedback from April 23rd and, of course, the information we received from a multitude of sources throughout this year. Finally, this presentation also includes a Progressing Monitoring section that now includes sample "scorecards" that reflect how we collect and present metrics representing our progress in meeting these goals.

Given the length of all three presentations (April 23, April 30, and May 6th) we have not included the previous two presentations in the index. We have referenced these presentations as they include important information in the work's totality, including the "why" behind each Strategic Priority (from April 23rd) and the breakdown of which offices in LPS are the primary points of contact for each work streams (in the appendix of April 30th). I am happy to answer questions the committee may have based on this presentation or any of the other two.

Strategic Plan Update

May 6, 2020

1 + 4 Year Strategic Plan

2020 – 2021 +

LPS Strategic Plan 2020 - 2021

Part I) Overview of Strategic Plan:

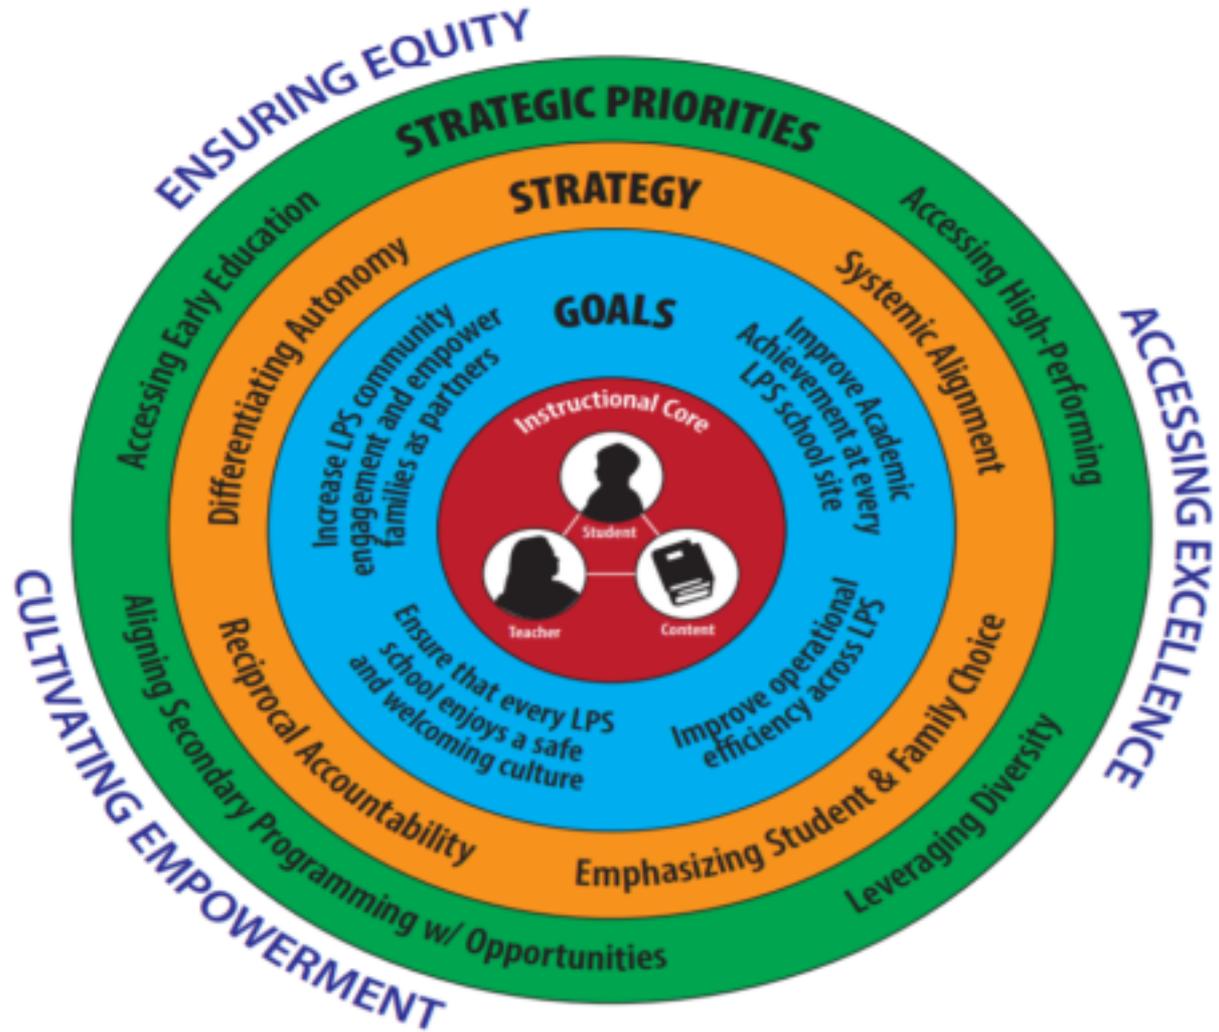

1. Components of Strategic Plan and Overarching Goals
1. COVID-19 LPS Strategy: Responsiveness and Readiness
 1. Actionables/Measurables
1. Progressing Monitoring and Key Data, Sample Scorecards

Strategic Planning Initiative: Developing the 1 + 4 Year Plan for the Lowell Public Schools

Planning for a difficult year while laying the ground for future progress.

Strategic Planning Initiative: Overarching Goal Areas

Improve **academic achievement** at every LPS school site.

Improve **operational efficiency** across LPS.

Ensure that every LPS school enjoys a **safe and welcoming culture**.

Increase LPS **community engagement and empower families** as partners.

These have not changed either.

Strategic Planning Initiative: Developing the 1 + 4 Year Plan for the Lowell Public Schools

In converting from a 5-year planning process to a 1 + 4 year strategic plan focusing on next year's (2020 – 2021) actionable objectives, it is important that the principles of the long-term plan remain intact.

Core Beliefs:

- A high-quality education is a fundamental civil right of every child.
- Teaching and Learning is the core of work.
- Families are and students' first teachers.
- Sustainable school improvement requires hard and steady work over time.
- Every adult in the system is accountable for the success of all students; the entire community is responsible for their success.

Strategy:

- Employing differentiated levels of autonomy.
- Implementing systemic and instructional alignment.
- Empowering students and families through choice.
- Ensuring reciprocal accountability by all stakeholders.

Fundamental Commitments:

- Eliminate the racial, ethnic and linguistic achievement and opportunity gaps among all students.
- Provide equitable funding and resources among the district's diverse schools.
- Engage all families with courtesy, dignity, respect and cultural understanding.

Strategic Priorities:

- Increasing access to early learning opportunities.
- Increasing access to high-performing seats.
- Aligning secondary programming with post-secondary opportunities.
- Leveraging the rich diversity of the Lowell community to serve the interests of LPS students.

Strategic Planning Initiative: Developing the 1 + 4 Year Plan for the Lowell Public Schools

COVID-19 public health crisis and related school closures has altered reality of LPS and the world.

While the 1 + 4 year plan envisions future progress, it is premised on a **four-part strategy of COVID-19 readiness and responsiveness.**

Physical Health:

LPS facilities will undergo robust disinfectant sanitation and other **enhanced cleaning tactics.**

Strict **hygiene requirements** will be imposed at all grade levels.

Logistical modifications will be made to account for any **physical distancing** strategies advised by public health officials.

Fiscal Prudence:

LPS will conduct itself with **heightened cautiousness** due to revenue uncertainties at both the state and municipal level.

All investments will be scrutinized for implications regarding **long-term goals** and any basis for **immediate urgency.**

Mental Wellness:

LPS will prioritize **trauma informed practices** in anticipation of students' mental health challenges precipitated by or exacerbated by the crisis.

School leaders will be advised on practices to **support both staff and families** experiencing anxiety related to the crisis.

SEL support systems will continue to be emphasized for the purpose of ensuring students' educational needs continue to be met in the wake of the 2020 closure and amid ongoing uncertainty.

Maintaining Flexibility:

LPS will employ strategies to **maintain programmatic and organizational flexibility** both to meet the needs of students in the wake of the 2020 closures and to ensure maximum adaptability to logistical challenges and/or additional disruptions during the 2020 - 2021 school year.

Increase access to and coordination of early learning opportunities for children from birth to age 5 by supporting the work of community partners to ensure that every child in Lowell is academically, emotionally, and socially prepared for Kindergarten. (Priority # 1)

<p>Improve academic achievement at every LPS school site.</p>	<p>Improve operational efficiency across LPS.</p>	<p>Ensure that every LPS school enjoys a safe and welcoming culture.</p>	<p>Increase LPS community engagement and empower families as partners.</p>
<p>LPS will work w/ EEC and ESE to develop professional development opportunities focusing on support for high-need learners; invite all providers</p> <p>LPS will collaborate with community partners to articulate performance metrics consistent with ESE and guidance to share with community</p> <p>LPS will engage in LPS staff working in Kindergarten and early grades to further strategize around how to serve learners without preK experience.</p>	<p>LPS will complete the work of the feasibility study contemplated by the January 2020 RFP and determine viable options for expansion of preK</p> <p>LPS will engage all early learning providers to determine total spatial capacity within the Lowell community.</p> <p>LPS will develop estimated costs and timelines related to internal expansion.</p>	<p>LPS will provide traditional literature and electronic literature and contact information at city and community points of contact for new families.</p> <p>LPS will host periodic forums specifically targeted to parents to provide information related to early education and care.</p> <p>LPS will establish Prospective Family Council with parents of non-LPS students yet to enroll to confer with and help target future LPS families from different backgrounds.</p>	<p>LPS will collaborate with early learning providers to create catalogue of early and education and care options that clearly explains implications of each option. e. cost, nature of programming, schedule, calendar, etc.</p> <p>LPS will collaborate with early learning providers to create 2000 Parent & Caregiver Support System as a multiplatform collection of resources and best practices to support new parents. Roll out of system will occur by the conclusion of the 2020 -2021 school year.</p>

6. SUBCOMMITTEES

6.1. Finance Subcommittee: Report and Approval of the Meeting of Wednesday, April 8, 2020 [Connie Martin, Chairperson]

Chairperson Martin informed the Committee that the district is working with the projected funding amount from the Student Opportunity Act (SOA) year one (1) roll out, but now with the impact of the Coronavirus the economic conditions are unclear. She stated that the Massachusetts budget that is provided to the cities and towns will be late due to the volatile environment that we are in. She stated that the district will have a balance of \$1,606,000, however \$200,000 needs to be deducted from that amount due to being short \$200,000 in the sick leave buy back account. She also stated that the

amounts are based on assumptions and could change instantly and drastically. She stated that moving forward the district has an opportunity with this possible projected revenue to pre-purchase supplies which will alleviate delays of needed supplies on the first day of school, spend less grant money this year which will allow the district to spend more of the available local budget balance now and allow us to carry grant money forward into the next fiscal year, and to charge more to the local budget balance which results in charging less to the revolving account which then would give the district higher “rainy day” funds. Chairperson Martin concluded by stating that due to the city expressing concerns about the impact of the Coronavirus on our funding, they have drafted the following brief back up plan:

- Maintain Status Quo which would cost \$6.5 million (\$5.4 million in step increases plus \$1.1 health insurance increase)
- Maintain Status Quo plus the increases to schools - \$8.5 million
- Review and consider all voidable contracts for cancellation
- Consider hiring freeze for vacant positions
- Last and most unlikely: Reduction in Force

Ms. Martin made a motion to accept the report as a report of progress; seconded by Mr. Hoey. 7 years APPROVED

7. REPORTS OF THE SUPERINTENDENT

7.1. COVID-19 Response Update

Ms. Phillips, Chief Engagement & Equity Officer provided an update to the Committee regarding the Coronavirus (COVID-19) Response. The update included the following information:

- Communication tools (messages by email, phone, social media and the website sent out to the entire student population and in multiple languages)
- Breakfast and Lunch still being provided for students
- Toiletries, Activity Bags and Food Boxes are also being distributed
- Home Learning that includes an at home learning section on our website, home learning packets have been made available at the lunch sites, resources to address mental and social emotional needs have been uploaded on the website)
- School Site Councils and School Based Budgeting Process
- Central Office and Family Resource Center
- Registration and the Knowledge Bowl finals have been delayed
- Emergency Shelter Opened at the Stoklosa Middle School
- Special Education Update
- MCAS testing requirement is waived for the remainder of the 2019-2020 school year
- Lowell Public Schools Website includes links to social emotional learning (SEL) activities and resources
- Graduation for Lowell High School was originally scheduled for June 3rd, but June 24th has been identified as a contingency date

Ms. Doherty made a motion to get a report from the administration that outlines the structures in place to support the mental health needs of our students. The report should include the roles of the Student Support Specialists and Social Workers, as well as address the delivery and oversight of mental health supports across the district; seconded by Ms. Martin. 7 yeas APPROVED

Mr. Dillon requested that the Committee be kept up to date regarding the shelter at the Stoklosa School.

Mr. Descoteaux made a motion to accept the following Reports of the Superintendent 7.1 through 7.3.2 as reports of progress; seconded by Mr. Dillon. 7 yeas APPROVED

7.2. Lowell High School Head of School Hiring Update

Dr. Guillory, Chief Schools Officer provided an update to the Committee regarding the hiring of the Lowell High School Head of School. The update included the following information:

- Posting the Head of School position (April 15, 2020)
- Receive applications, rolling review of application for minimum qualifications
- Community Engagement Forums (TBA – prior to first interview)
- Establish Screening Committee
- Interview Qualified Applicants (May 18th – May 22nd)

- Superintendent makes final selection of candidate by June 2020
- Community Engagement Awareness - Communication Tools
- Search Process – Recommended Blended Approach – Internal Staff and External Consultants (on an as need basis)

Mayor Leahy stated that the process should be slowed down a couple of weeks to make sure we do it correctly. Ms. Doherty asked that the posting and job description be forwarded to the Committee. Ms. Martin stated that we should move forward with the timeline with the understanding that we can make changes to it if necessary.

Mr. Descoteaux made a motion to accept the following Reports of the Superintendent 7.1 through 7.3.2 as reports of progress; seconded by Mr. Dillon. 7 yeas APPROVED

7.3. Report on Motions

Superintendent Boyd provided the Committee with an updated report on the status of outstanding motions and asked the Committee if they had any concerns or questions.

Mr. Hoey again reiterated that the administration can take the amount of time they need to provide the information back to the Committee regarding motion: **7.2. [By Bob Hoey]:** That the superintendent

produce a report by April 1, 2020 meet with the following information charting out spend expenditures by year for the last 15 years (or as far as back as possible):

- Number of total special education budget; | Percentage of kids receiving special location services;
- Amount of money spent on out of district services; | Percentages of children utilizing out of district services;
- Number of employees working in Special Education (please also provide their job descriptions);
- Total of number of employees within the district per year

Mr. Descoteaux made a motion to accept the following Reports of the Superintendent 7.1 through 7.3.2 as reports of progress; seconded by Mr. Dillon. 7 yeas APPROVED

7.3.1. Response to Motion 5.CAO Of 02/19/20 By Hillary Clark: Makerspaces In Lowell Public Schools Request The Superintendent Provide A Status Update On The Use Of The Makerspace's At Lowell High School And The Bartlett Community Partnership School.

Ms. Desmond, Chief Academic Officer provided a report to the Committee that informed them that the district STEM resource teacher position at the Bartlett School was eliminated from the FY20 budget. This position helped the Bartlett School staff get the Makerspace up and running over the past three (3) years. The Bartlett school was unable to manage the Makerspace without the District STEM Resource position this year and materials and equipment are still housed in the space. The report also stated that the Makerspace at Lowell High Freshman Academy opened five (5) years ago and from the start there we many challenges that limited student access, and ultimately resulted in the space being phase out.

Mr. Descoteaux made a motion to accept the following Reports of the Superintendent 7.1 through 7.3.2 as reports of progress; seconded by Mr. Dillon. 7 yeas APPROVED

7.3.2. Response to Motion 5. COO Of 03/27/20 By Bob Hoey: Superintendent To Review With Solicitor The School Committee's Authority To Vote On Paying Transportation Providers And Other Venders When Services Could Not Be Performed Because Of COVID-19 Closure Of Schools.

Dr. Hall, Chief Operating Officer provided a report to the Committee that informed them that the district has received legal guidance on whether the Governor's emergency orders to municipalities granted any flexibility to the School Committee to make payments when services were not rendered due to the COVID-19 closure of school. It states that the School Committee's authority continues to be limited by the Lowell Code of Ordinances, Sec 28-7; supporting case law; and the Contracts themselves. The City Auditor's approval is also needed for any payment and such must be made "in accordance with the terms of the contract". (Lowell Code of Ordinances, 28-7).

Mr. Descoteaux made a motion to accept the following Reports of the Superintendent 7.1 through 7.3.2 as reports of progress; seconded by Mr. Dillon. 7 yeas APPROVED

8. NEW BUSINESS

8.1. Vote of Inter-District School Choice

Mr. Phillips, Chief Equity and Engagement Officer provided a report to the Committee that recommends that the Lowell Public Schools do not consider participation in the inter-district school choice program for grades 9 – 12 for the 2020-2021 school year. The recommendation is based on discussions with Lowell Public School Attorneys and Administrators, as well as updated guidance from the Department of Elementary and Secondary Education (DESE) in regards to School Choice; seconded by Ms. Doherty. 7 yeas APPROVED

Ms. Martin made a motion to not participate in the Inter-District School Choice Program for the 2020 - 2021 school year; seconded by Ms. Doherty. 6 yeas, 1 nay (Mr. Hoey) APPROVED

8.2. Grading and Promotion Policies During Covid-19 Public Health Crisis

Superintendent Boyd provided a report to the Committee that informed them that on March 26, 2020 the Commissioner of Elementary and Secondary Education (DESE) issued recommendations to all public school districts regarding how student work should be assessed during the course of the current public health crisis. He stated that the transition to remote learning instruction has required an abrupt, multifaceted and unprecedented shift in how we operationalize the delivery of academic content to our students. He stated that our traditional system of grading student work on a 0-100 scale is simply impossible to implement in ways that are either equitable or practicable given the circumstances under which that work is being disseminated by educators and completed by students. Consistent with Commissioner Riley's March 26th recommendation, we are seeking the Committee's authorization via the suspension of School Committee Policies IKE and IKE-R (and the associated provisions of the Student and Parent Handbooks) to immediately transition our grading regimen to a Grading Policies – April 13, 2020 Page 2 credit/no credit assessment system. Importantly, and again consistent with DESE's guidance, the district will continue to emphasize the importance of providing meaningful and substantive feedback on all school work to students and families. He stated that the conversion of our grading system to a credit/no credit system will allow the district to provide educational services in a manner consistent with our principles of equity to which we have legal and moral obligations, and it will create a need to accommodate a variety of other challenges related to grade promotion, GPA calculation at Lowell High School, summer school eligibility, and student activity participation. It will also affect various student recognition programs contemplated by existing School Committee Policies and Handbook provisions governing LPS academics, including determinations of LHS valedictorian and salutatorian, honor roll inclusion, and eligibility for both the National Honor Society and certain scholarships.

Ms. Martin made a motion that pursuant to Policy BGF of the Lowell School Committee, to suspend all Lowell School Committee Policies and relevant provisions of the Lowell Public Schools Parent & Student Handbooks, including, but not limited to School Committee Policies IKE and IKE-R, authorizing the Superintendent to direct all Lowell Public Schools teachers to assess student work completed via remote learning instruction via a credit/no credit system and to make other accommodations as necessary with regard to student grading, promotion and recognition for the duration of the ongoing public health emergency, consistent with the recommendation of the Commissioner of Elementary and Secondary Education; seconded by Mr. Hoey. 7 yeas APPROVED

8.3. Approval of Revised 2019-2020 School Calendar Due to Health Emergency

Shelby Boisvert, LSAA President registered to speak and addressed the Committee.

Superintendent Boyd stated that the district will be receiving guidance from Department of Elementary of Secondary Education regarding this matter and will report back to the Committee.

Ms. Doherty made a motion to cancel April Vacation (April 21st – April 24th), and to have these four (4) days count as work days; seconded by Ms. Clark. 7 yeas APPROVED

9. PROFESSIONAL PERSONNEL

9.1. UTL Donated Sick Days for Julie Bannerman

Mr. Hoey made a motion to approve; seconded by Mr. Descoteaux. 7 yeas APPROVED

10. ADJOURNMENT

Ms. Clark made a motion to adjourn at 9:09 p.m.; seconded by Mr. Descoteaux. 7 yeas APPROVED

Respectfully submitted,

This meeting is being held remotely in accordance with the Governor of Massachusetts' March 12, 2020 order suspending certain provisions of the Open Meeting Law G.L. 30A, Section 20.

Chairperson Doherty called the meeting to order at 6:30 p.m. The following agenda item was discussed:

1. Lowell Public Schools Developing Strategic Plan: Review of Proposed Strategic Priorities and Associated Objectives

Ms. Doherty asked Superintendent Boyd to address the Subcommittee about the Strategic Planning Draft Update. Superintendent Boyd informed the Subcommittee that this draft version of the Strategic Plan is the plan of the community and for the community. He introduced Mr.

David Murphy, Strategic Plan Advisor and stated that he believes that it was very important to have Mr. Murphy as a third party involved with this plan. He spoke about the closing of schools for the remainder of the school year due to the Coronavirus and how the economic fallout has not been felt yet. He stated that the State is down \$900 million dollars this year and projected to be down \$4 - \$6 billion dollars next year. He stated that originally this plan was a long term plan, but due to the issues the district is now facing we are shifting to a one (1) year plan as we move forward and looking for guidance from the Subcommittee. He stated that since the closure the district has served over 120,000 meals and delivered over 3000 chrome books, with another round of distribution planned. He stated that the district has been able to reach 99% of our families and have been tracking attendance and engagement. He concluded by saying that he and his team are working on a plan for when students return in the fall.

Ms. Phillips then addressed the Subcommittee and stated that the final version of the Strategic Plan will be a forty (40) page document, and that tonight's presentation is a high level summary on which she is looking to receive feedback from the Subcommittee. She stated the following:

Developing Strategic Plan - Process and Sequence Check: How the four (4) proposed Strategic Priorities were arrived at:

- Spring 2019: Superintendent Hiring Process: Mandate to develop strategies to close opportunity gaps and cultivate more equitable learning environment for all students.
- July 2019 – January 2020: Accumulation of information on district's strengths , challenges, and opportunities through hundreds of stakeholder meetings, including nearly sixty (60) listening sessions with staff, over forty (40) gatherings with external partners and community representatives, and one hundred (100) school visits in the first one hundred (100) school days.
- October – December 2019; Strategic Planning Goal and Priority Setting: Development of Core Beliefs, Fundamental Commitments and the broad goals and specific priorities thought necessary to bring about the sustainable improvements to LPS based on achievement data and trajectories.
- January – March 2020 School Community Visits: Discussed developing priority and goal areas in dozens of meetings across over twenty (20) schools to hear from frontline educators. She concluded by saying that the overarching goals are to improve academic achievement at every LPS site, ensure that every LPS enjoys a safe and welcoming culture, improve operational efficiency across LPS and increase LPS community engagement and empower families as partners. Ms. Phillips then introduced Mr. Murphy.

Mr. Murphy stated that he has coordinated and talked through each priority with all stakeholders. He spoke about the following Strategic Priorities that including why each strategic plan is needed, Lowell Public School's current strengths within each priority and action steps for each priority:

Strategic Priority # 1: Increase access to and coordination of early learning opportunities for children from birth to age five (5) by supporting the work of community partners to ensure that every child in Lowell is academically, emotionally, and socially prepared for Kindergarten.

Strategic Priority # 2: Increase access for all students to high performing seats through the continuous improvement of all schools, the expansion of high demand programs, and an intensive focus on turning around historically underperforming schools. **Developing a consensus definition of high quality leading to more equitable access.

Ms. Martin and Ms. Doherty both stated that they would like to have more information on social emotional learning and the mental health component, because they believe there is a difference between social emotional learning and mental health needs and they view them as separate issues.

Strategic Priority # 3: Align secondary school curriculum and programs for all students with post-secondary opportunities so that they are college, career, and life ready upon graduation. **Implement a comprehensive high school redesign program with rigor reflective of the challenges students will encounter as graduates and that is relevant to the skills that post-secondary opportunities will demand. The foundation of that redesign process will be grounded in the cultivation of meaningful relationships between students and the educators who will guide them through three (3) interest-based pathways.

Strategic Priority # 4: Leverage the rich diversity that defines the Lowell community through a fundamental commitment to equity so that all students access the full benefits of growing up in a truly global community.

Mr. Descoteaux asked about the high school project and how the Coronavirus could impact students.

Ms. Phillips stated that it will be included in the longer version that will be shared with the Committee.

Ms. Martin stated that the draft plan was presented to the Committee in a great structure and believed it is a really effective way to communicate this.

Mr. Hoey stated that he is very pleased with the administration, all the meals being served and all the chrome books being delivered to our students. He also stated that we need to focus on wellness.

Mr. Dillon stated that he believes discipline is an issue and that discipline and opportunity go together and that we need to give students every possible opportunity in Early Childhood and after school activities such as Arts and Athletics.

Ms. Clark stated that a lot of good information was shared tonight and with the unknowns of next year we can continue to work on a strategic approach with our relationships and believes we can make great strides without a lot of money.

Mayor Leahy spoke about the cost of transportation with regards to expanding Early Childhood and believes we need more supports for teachers.

Ms. Martin made a motion to recommend to the full Committee to approve moving forward with a one (1) year Strategic Plan with more specifics to come; seconded by Mr. Dillon. 3 yeas APPROVED

Ms. Martin made a motion to adjourn at 7:50 p.m.; seconded by Mr. Dillon. 3 yeas APPROVED

This meeting is being held remotely in accordance with the Governor of Massachusetts' March 12, 2020 order suspending certain provisions of the Open Meeting Law G.L. 30A, Section 20.

Chairperson Martin called the meeting to order at 4:40 p.m. The following agenda item was discussed:

1. FY21 Budget

Ms. Martin asked Superintendent Boyd to address the Subcommittee and informed the public that the meeting will be ending at 6:15 p.m. and if all areas of this presentation that need to be discussed have not been covered another Finance Subcommittee meeting will be held.

Mr. Gerry Nutter registered and addressed the Subcommittee.

Superintendent Boyd addressed the Subcommittee and spoke about COVID-19 and the impact it has had and stated that the district is just two (2) months away from transitioning from one (1) fiscal year to another and we have many uncertainties as we move forward. He spoke about the four (4) scenarios that was provided to the Committee in the PowerPoint presentation and stated that despite these variables there is a pressing need to move forward. Superintendent Boyd recommended that the district vote on a level service budget for FY21 and not interrupt the momentum we for the following reasons:

1. What the district has achieved thus far prior to the COVID-19 closure.
2. To leave a modest degree of flexibility in case it gets worse.
3. To leave options available to capitalize in case the revenue projections improve.
4. To be transparent with the community we serve.
5. And most importantly to minimize the most detrimental effects of this uncertainty especially for our most vulnerable learners.

Superintendent Boyd also spoke about the numerous questions he has received.

1. Why are we contemplating four (4) scenarios.
He stated that there are two (2) key factors:
 - To be responsible and not to create financial difficulties later and the need to maintain flexibility given the uncertainty of what can happen. He said by doing this we can be fair to our employees and still be able to invest responsibility if our situation improves. It's about being responsible and flexible as this uncertain time allows.
2. Why plan for less revenue than we were given.
 - We continue to look for the best, but there are several indications that we will not be receiving the amount of revenue that was originally planned.

Ms. Turner then addressed the Subcommittee about the four (4) scenarios that are in the PowerPoint presentation. Chairperson Martin asked Ms. Turner to address scenario three (3) and (4) due to the fact that one (1) and two (2) are highly unlikely. Ms. Turner continued and spoke about the strategic initiatives that the district would have been able to do with the original investment the district would have received. She stated that all three (3) collective bargaining agreements are scheduled to expire on June 30th and stated that none of the totals present here account for any potential raise and that every 1% of salary increases requires an investment of \$1.3 million dollars in salaries. She then stated that Scenario 3 is the Governor's proposed budget with 50% less of the Student Opportunity Act (SOA) and the city cash increase. She shared the below breakdown:

SPENDING:

\$163,023,947 FY20 Chapter 70
\$ 16,359,201 FY20 City Cash
\$179,383,148 FY20 Funding

REDUCTIONS TO SPENDING

\$6,391,678 50% Proposed FY21 Chapter 70 Increase
\$ 323,912 50% Proposed City Cash Increase

\$6,715,590 Total Additional Funds

The above figures results in \$6.7 million cut from original SOA

Ms. Turner then spoke about the spending plan for Scenario 3 which included the following:

- \$2,074,000 School Site Budgets (additional teachers, Assistant Principals, Career Counselors, etc).
- \$2,000,000 Technology Investment (cost to implement 1 to 1 program for remote learning).
- \$1,400,000 Reduction in Force (reduce fourteen (14) central office positions to allow schools to maintain additions.
- \$1,615,591 Purchase Technology (pre-purchased technology investments with current year savings.

Ms. Turner then addressed Scenario 4 with 0% SOA and city cash increase. She stated that this scenario is possible, but based on current projections still appears unlikely. She stated that this scenario would result in \$0 new dollars despite fixed cost increases which would thus require significant cuts. This scenario would require us to cut \$6.5 million from the current year budget to cover step increases and health insurance increases. This scenario would require a further reduction in force on top of those outlined in slide fourteen (14) which would have a detrimental impact on core services and necessitate union discussions. Ms. Turner spoke about the analysis of current year savings impact on next year.

Ms. Martin asked about the technology requests and if they could be broken out so the Committee could get a collective number and see what we could use the cost saving money for.

Ms. Turner stated that she will provide that to the Committee.

Mr. Descoteaux asked if we are cutting fourteen (14) positions at central and increasing our technology needs how as a district we can support that.

Ms. Doherty said that she will be most concerned around cuts for student support and mental health. She believes the trauma we are going through now is only going to get worse and when we look at those positions we need to look at these positions and figure out how we are going to maintain them. Ms. Doherty stated that she believes at this time we need to vote for scenario 3.

Mr. Hoey believes we should plan for the worst and will also vote for scenario 3.

Mayor Leahy agrees that we need to plan for the worst and hope for the best and doesn't believe we should rush this budget. He stated that he believes that the City is not looking to take any funds back as long as we use them wisely and that it is not the intention of the City to look for any rollover money.

Ms. Clark agrees with Ms. Doherty and stated that we should vote on scenario 3 at this time.

Superintendent Boyd stated that we have announced a hiring freeze with the exception of the Head of School at Lowell High School and asked the Committee to remember that we are speaking about positions and not people.

Mr. Dillon spoke about his concerns about laying off people and hiring new positions and asked the administration to conserve our staff as much as possible.

Mr. Hoey made a motion to direct the Superintendent to plan for a level service budget (scenario 3) and take all necessary steps to prepare for the possibility of such, while aiming to minimize detrimental impact to students and staff; seconded by Mr. Descoteaux. 3 years APPROVED

Ms. Doherty asked if we could get some guidance from the City regarding the budget timeline and asked if he has spoken with the City Manager.

Superintendent Boyd stated that he spoke to the City Manager and that she's presently not going to call for a declaration of an emergency financial crisis and is looking at what other opportunities exist as well. Superintendent Boyd added that his staff is prepared to get the budget book to the Committee on Friday.

Mr. Descoteaux made a motion to accept the report as a report of progress; seconded by Mr. Hoey. 3 years APPROVED

Mr. Descoteaux made a motion to adjourn at 6:04 p.m.; seconded by Mr. Hoey. 3 years APPROVED

School Department Personnel Present:	Dr. Joel Boyd, Superintendent of Schools Latifah Phillips, Chief Equity & Engagement Officer Dr. James Hall, Chief Operating Officer Billie Jo Turner, Chief Financial Officer Robin Desmond, Chief Academic Officer Dr. Linus Guillory, Chief Schools Officer David Murphy, Strategic Plan Advisor

This meeting is being held remotely in accordance with the Governor of Massachusetts' March 12, 2020 order suspending certain provisions of the Open Meeting Law G.L. 30A, Section 20.

Chairperson Doherty called the meeting to order at 5:08 p.m. The following agenda item was discussed:

1. Lowell Public Schools Developing Strategic Plan: Review of Proposed Strategic Priorities and Associated Objectives

Ms. Doherty asked Superintendent Boyd to address the Subcommittee about the Strategic Planning Draft Update. Superintendent Boyd informed the Subcommittee that the Strategic Plan and the Budget are interrelated and after tonight they will no longer be brought forward separately, but as an interrelated document.

Ms. Phillips then addressed the Subcommittee informing them that the COVID-19 public health crisis and related school closures have altered the reality of the Lowell Public Schools and the world. While the 1 + 4 year plan envisions future progress, it is premised on a four (4) part strategy of COVID-19 readiness and responsiveness. Ms. Phillips stated that moving forward we need to look at the following areas:

Physical Health:

Lowell Public School facilities will undergo robust disinfectant sanitation and other enhanced cleaning tactics. Strict hygiene requirements will be imposed at all grade levels. Logistical modifications will be made to account for any physical distancing strategies advised by public health officials.

Mental Wellness:

Lowell Public Schools will prioritize trauma informed practices in anticipation of students' mental health challenges precipitated by or exacerbated by the crisis. School leaders will be advised on practices to support both staff and families experiencing anxiety related to the crisis. SEL support systems will continue to be emphasized for the purpose of ensuring students' educational needs to be continued to be met in the wake of the 2020 closure and amid ongoing uncertainty.

Fiscal Prudence:

Lowell Public Schools will conduct itself with heightened cautiousness due to revenue uncertainties at both the state and municipal level. All investments will be scrutinized for implications regarding long-term goals and any basis for immediate urgency.

Maintaining Flexibility:

Lowell Public Schools will employ strategies to maintain programmatic and organizational flexibility both to meet the needs of students in the wake of the 2020 closure and to ensure maximum adaptability to logistical challenges and/or additional disruptions during the 2020-2021 school year.

Ms. Phillips then spoke about the strategic plan and how they're going to measure the districts success and the key factors shaping the one (1) year strategic plan. She stated that supports are necessary to mitigate academic, social and emotional gaps formed or exacerbated by the interruption to the 2019-2020 school year and at the same time continuing 2019-2020 initiatives that are currently gaining momentum in advance of the district's overarching goals and long term objectives. In addition, she stated that the district will be implementing strategies that account for potential future disruptions to traditional instructional delivery, i.e. blending learning strategies. She also stated that the district has particular emphasis on zero and low cost objectives in light of the budgetary uncertainty now surrounding FY21 and the continuity of momentum and stability amid uncertainty. She concluded by stating that the district plans on continuing what is working well while factoring in what the district has learned through the strategic planning process.

Mr. Murphy then addressed the Subcommittee and spoke about the one (1) year plan which he stated is a series of actionable and meaningful objectives that reflect the strategic priorities and

advance the district's overarching goals, yielding measurable progress and the momentum for continuous improvements by the Lowell Public Schools in subsequent years. He spoke about the COVID-19 task force and the career and technical education expansions which create new pathways to meet the needs of all students. He also touched upon social emotional and mental health support.

Ms. Martin asked what concrete measures we are using.

Superintendent Boyd stated that the district originally was going to move forward with a data dashboard, but due to the fiscal uncertainty we have not included that.

Ms. Martin stated that she believes we have the ability to do it internally.

Ms. Doherty asked how we are moving forward with these goals and how are we measuring them at each school. She asked about Tableau and if the district is still using it.

Superintendent Boyd stated that we do have Tableau and that he is very familiar with it, but doesn't feel it's very easy for Principals and teachers to get the information they need from it. He also shared that Dr. Guillory had received bids for a data visualization system, but there would need to be additional discussions with the Committee around whether the revised budgetary forecast would result in there being funding to procure the system as originally envisioned. He stated that the district can explore how best to use Tableau for data visualization in the meantime.

Superintendent Boyd publicly thanked Ms. Phillips and Mr. Murphy for all the hard work that took place creating this plan.

Ms. Martin made a motion to recommend to the full Committee the approval of the one (1) year Strategic Plan; seconded by Ms. Doherty. 2 yeas, 1 absent APPROVED

Ms. Martin made a motion to adjourn at 5:54 p.m.; seconded by Ms. Doherty. 2 yeas, 1 absent APPROVED

Respectfully submitted,

Re: **Motion Response - Back to Work Plan**

I'm very happy to inform committee members that custodial staff will be returning this Monday, May 4th to regular hours.

Returning to work on May 4th allows us to get a head start on summer cleaning. In previous years, it was a race against time to thoroughly complete all of the tasks within the nine weeks of summer break. While concentrating on the basic tasks, this opportunity of extra time will allow the staff to more regularly attend to and improve the appearance of school grounds. Additionally, the staff will coordinate their efforts with the DPW on preventative maintenance measures that will improve safety, mechanical readiness and air quality to prepare the buildings for reopening.

Careful consideration of safely bringing the staff back to regular hours has been a primary task in these last weeks. A plan and directive have been put in place that I'm confident will allow us to do the things necessary to continue to clean our school buildings.

This plan includes:

- ◇ The entire staff has been given option to work the day shift as they always do during school breaks. We expect most staff will take advantage of this option at this time.
- ◇ Gloves and Masks will be provided for safety to all staff.
- ◇ Each custodian will work in his or her own assigned area, away from other staff, to maintain social distancing practices.
- ◇ Staff working outside on school grounds will follow the same social distancing guidelines and personal protective equipment measures as necessary.

In addition to bringing the staff back for regular hours, our next steps must include coordinating an effort that will allow the faculty and students to safely retrieve their personal belongings from their classrooms and lockers. The original closure was sudden and was expected to last just two weeks. The materials still in place will have to be removed to allow the custodial staff to complete the summer cleaning tasks. Ongoing efforts to immediately disinfect areas temporarily occupied by the returning faculty and students will be part of this plan.

I believe there are a significant number of tasks that will take many weeks to complete before starting the “regular” summer work that requires a larger work crew to work together. Once these tasks are completed, the summer work will begin.

The summer tasks include:

- ◇ Stripping and refinishing of floors
- ◇ Carpet extraction
- ◇ Furniture and fixture repair
- ◇ Organization of storage areas and closets
- ◇ Moving of classroom furniture
- ◇ High dusting and window washing
- ◇ Upkeep of grounds
- ◇ Attending to classroom moves as requested by school administration
- ◇ Separating and cataloging old inventory that has accumulated in many school basements will be identified for future use or disposal

If the restrictions have not been eased within the next few weeks, an alternative plan for personal belongings collection will be designed and implemented.

I’m happy to answer any question or concerns you may have.

Sincerely,

Rick Underwood

School Assignment Policy During Health Crisis

To: Joel D. Boyd, Superintendent

From: Latifah Phillips, Chief Equity and Engagement Officer

Date: May 1, 2020

Re: School Assignment Policy During Covid-19 Public Health Crisis

Request for action, pursuant to the 2020-2021 School Assignment Policy of the Lowell School Committee, to suspend all registration and lottery deadlines established within the policy and direct the Superintendent to implement a revised timeline and remote registration process for the duration of the ongoing public health emergency.

In exercising caution for everyone's health and safety, both the Central Office and Family Resource Center (FRC) closed to the public starting on March 17, with staff working remotely. On March 24, Governor Baker issued an emergency order requiring non-essential businesses and organizations to close. He also issued a stay-at-home advisory. Both of these measures have been extended until May 18.

As a result, the District could not initiate its in-person registration process for pre-K, kindergarten and new students to the district as initially planned and communicated. The Family Resource Center has developed a revised online registration process and implementation plan which has been adjusted to ensure safety for families and staff while executing a successful process.

A remote registration process for Pre-K, kindergarten and new students to the district will begin no later than May 30, 2020. The open registration period for pre-k and kindergarten will end no later than June 30, 2020 and the lottery will take place at the beginning of July 2020. The lottery date will be publicized no later than May 30th.

Communication and publicity of the remote process and lottery will take place over a two week period leading up to the opening date of the registration process and will be ongoing through the open period of registration.

We will make accommodations throughout this process as necessary given the extenuating circumstances and communicate to the greater LPS community regularly. We will return as needed to seek additional guidance from the School Committee should we arrive at any unanticipated decision points in the coming weeks and months relating to the remote registration process.

Thank you for your consideration.

Reason for Transfer:

Adjustments to expend the budget - Shifting funds to allow for purchase of 1 to 1 Chromebooks, increase amount needed for sick leave buy back payments in FY20, the central office rental to account for increased charges for parking costs and adjustment to cover senior class dues for year book, diploma, cap & possibly gown rental
