8.IV. Business Office Update

Assistant Superintendent Turner provided an update to the Committee regarding the bad bills submission. She informed the Committee that months after FY18/19 was closed, bills/unpaid liabilities were still trickling in for past year’s obligations. Emails were sent to the Auditor and CFO asking if these bills could be paid using the approximately $80,000 that was left in the school department accounts. It was explained in the emailed response from the City that despite the unpaid bills, we would have to wait until free cash was certified and then request the remaining Lowell Public Schools’ funds. The bad bill submission has been modified to separate the payroll (Ch44 S64 mandate does not include payroll liabilities) and paid bills from the unpaid bills.

She also provided an update on the Human Resources office. The compendium was completed and all open teaching positions have been posted internally on School Stream. The posting will end on March 22nd. She also stated that data was collected on current stipends for Lowell High School that showed the stipend amount per activity along with the number of students enrolled and number of hours of weekly participation. One major inequity was identified. In addition, these stipends don’t grow with steps each year as others do. The data will be summarized and presented with a recommendation for equity. Also, all non-affiliated employees were given the same increases from July 1, 2017 to June 20, 2020. The raises will be processed soon with any retroactive owed. She concluded her report informing them that the first retirement workshop was very successful and forty-five (45) people attended.
