Postural	39	91	4,323	166

My Life My Choice – All day presentation to all the School Nurses about sexual exploitation of children. It was a very powerful & informative training for our Nurses.

School Health Unit is currently down 5 School Nurse positions. Nurse Coordinator spoke to December graduating nursing students in the hope of recruiting some potential candidates to fill our open positions.

LHS Nurses & a Clinical Nurse Manager attended a meeting with the LHS Architect so that they can have input in the decisions being made regarding the nurses office.

School Nurses continue to work diligently in getting all our students fully immunized in anticipation of completing the state survey due in December.
