City of Lowell Division of Planning and Development Development Data

The Commercial and Residential Development Data Report keeps an update of commercial and residential being developed in the City of Lowell. This data is reported on a quarterly basis and is distributed to City department and the general public. This information tracks development progress from permitting and construction to completion. Criteria for the data report are:

- Commercial projects totaling over 10,000 square feet.
- Residential projects of four or more units that are new construction or rehab/renovation projects.

Projects meeting the criteria will be categorized by status, which include:

- Board Project Review/Approval = development under review or approval by Planning Board, Historic Board or Zoning Boards of Appeal
- Permitting = building permit under review by Building Department
- Under Construction = development received Building Permit
- Complete = project received Certificate of Occupancy (CO) or Temporary CO.
