

Lisa E. DeMeo, P.E.  
City Engineer

Date: November 15, 2010  
RE: Approvals Required for Street Opening Permits

Below is information on where to get various approvals that could be required on your Street Opening Permit Application. Staff in the City Engineer's Office will assist you in determining which of these are appropriate for the scope of your project. You must begin at Engineering, and you will finish at DPW.
